

SNAP OFF LOCKOUTS

GRM Flow Products is proud to offer an affordable and convenient product to enhance your workplace safety program. Snap Off Lockouts are made of quality aluminum stock with 1/16" aircraft cable sequentially numbered for accurate document control of the locked out equipment.

OPERATION:

- Thread the cable through the body
- Tighten the handle
- "Snap Off" the handle to lockout the targeted ball valve, gate valve, electrical panel, etc.

Size	Part #
12"	GRMCL012
18"	GRMCL018
