

**SPECIALTY****Desco Super Penetrant***Fast Acting Rust & Oxide Penetrant*DESCRIPTION

Super Penetrant is a clear, all purpose industrial penetrating oil. It is scientifically formulated for maximum penetration to give faster breakout. It can be used for all dismantling jobs throughout the plant, shop, rig or wherever metal parts are hard to operate or are frozen by corrosion. The lubricant in Super Penetrant is an extreme pressure oil that plates quickly onto metal surfaces. This allows the threads to be loosened while all the metal surfaces are coated to prevent galling.

SERVICE RECOMMENDATIONS

Use as a penetrating oil.
