

SNIPER™ LUBRICATION EQUIPMENT**BX Series***Battery Powered Grease Gun*DESCRIPTION

SNIPER BX Series, battery-powered grease gun is designed to dispense petroleum-based greases (NLGI 1/NLGI 2) for general lubrication applications. It features two-speed electronic transmission and a 20 Volt lithium-ion battery and delivers grease at pressures up to 10, 000 psi (pounds per square inch) at a rate of 6.0 oz. per minute at a high flow rate setting and 4.0 oz. per minute at a low flow rate setting.

This cordless gun provides maximum power and pressure. It can dispense up to 24 cartridges of grease per charged battery at low speed and up to 23 grease cartridges at high speed. Its fiber-reinforced nylon housing provides for superior impact and wear resistance and its patented airflow management system optimizes motor and transmission life.

SPECIFICATIONS

Application Pressures	Up to 10,000 psi
Low Flow Rate	4.0 oz./min
High Flow Rate	6.0 oz./min
3-Way Loading Cartridge	
Dispenses a Maximum of 24 Cartridges/Battery on Low Flow Settings	

FEATURES & BENEFITS

- Two 20v lithium-ion batteries
- 36" high-pressure whip hose
- Fiber-reinforced nylon housing provides for superior impact and wear resistance
- Two-speed electronic transmission
- 110 V/60 Hz battery charger
- Molded carrying case
